BASKETBALL

Norway High 28; Freeport High 16

The season closed Saturday night at Norway Opera House with Norway winning over Freeport High School. The game went fast and the visitors were a clever lot, doing floor stunts, but the basket weaving was not up to a standard necessary to pull down points. Norway held the high cards in this department, therefore held a wide margin.

Both teams worked rapidly and fouls called at high water mark. Freeport was penalized 18 times, Norway went wrong 17 times. Ledger and Snow went out on the four personal foul rule. Brown substituted for Ledger, Bucklin for Snow. Altogether the contest was a spring gambol with numerous lively incidents to keep up to normal.

Clever team work was shown on both sides and neat passing with stategy was conspicuous. Norway held the lead throughout and their opponents never came near the golden opportunity to win even on a fluke.

Minstrel Show

Finishing touches are being put on the American Legion Minstrel program. Seats will be checked at the Legion rooms Monday evening, March 14, commencing at 7 o'clock, afterward at Stone's. There were 48 men present Monday night; the company has since recruited to fifty members, being the number required for Federal recognition. Four rooms in the tenement are used as a temporary arrangement until Mr. Drake can build. He has leased land between the hose house and store he formerly occupied, and will put up a one story building 25x30, to be completed early in April.

Helen Maria Noyes

Helen M. Noyes died at the home of her niece, Mercy Millett on Water street, Wednesday evening, at about 8 o'clock. She had been suffering from blood poison in her foot, but the immediate cause of her death was a high blood pressure that caused a shock.

Miss Noyes was the daughter of Robert and Elizabeth (Souther) Noyes and was born in Norway, Feb. 6, 1848, her age being 73 years, 1 month and 3 days. She was born in the house on Main street, which was practically her home all the years of her long life. She was educated in the Norway schools and the Norway Liberal Institute. For years she made button holes in the Whitcomb Custom made clothing shop which was in a building opposite her old home. Miss Noyes was of a cheerful disposition and made the most of the good things in her life. She had many friends who enjoyed visiting her in her home.

She was a constant attendant at the Congregational church as long as her health would permit. She was also a member of Norway Grange.

She is survived by three nieces and one nephew, the children of her sister, Mrs. Nathan W. Millett: Robert N. Millett of Springfield, Vt., Mrs. W. E. Lombard of Saxon River, Vt., Mercy Millett of Norway and Mrs. R. O. Porter of Rumford. They all graduated from the Norway High school and while attending the school lived with Miss Noyes.

Tag Day for the W. C. T. U.

The very first in its history, and we wondered if it would be a success. Was it? Well, you should have been at the home of the president when those boxes came to be opened by the committee, Mrs. Percy Nevers, Mrs. Elizabeth Joslin, Mrs. Annie Sanborn! Who had filled them? Why, the people of Norway, to be sure. Who had taken them out? Mr. Parker, our principal, could tell you that because of his appreciation of the work of the Union he had given the young ladies in the senior and junior years permission to leave school from 9.30 to 2.30 on Town meeting day. Seventeen went. Eighty dollars and six cents was received. Anyone who was out that day will tell you they worked, and results proved it. The Union is actively engaged in trying to help those who are ill or in need of a helping hand. Flowers are sent to all the new babies, and sick ones, many garments are distributed; shoes, stockings and mittens find their way to homes where little toes and fingers would be cold, otherwise, and it is a general helping hand. Temperance literature is scattered freely. The Tag day funds all go for the local work.

Farnum-Kenerson

Richard A. Farnum and Alice Kenerson, both of Norway, were married, Wednesday evening, at 8 o'clock, at the home of Mr. and Mrs. Albert Farnum at 33 Alpine street, Rev. G. Howard Newton pastor of the Baptist church, performed the ceremony, using the single ring service. The bride wore a beautiful gown of white silk noplin with trimming of white beads. She carried mixed pinks. A few relatives were present at the ceremony. Refreshments were served.

Both young people are popular and have many friends in the place who join in wishing them happiness. Mr. Farnum is a member of the Knights of the Golden Eagle. Many fine gifts were received. They will live for the present at the home of Mr. Farnum's parents.

If Women Only Knew
What a Heap of Happiness It Would Bring to Norway Homes

Hard to do housework with an aching back.
Brings you hours of misery at leisure or at work.
If women only knew the cause—that
Backache pains often come from weak kidneys,
'Twould save much needless woe.
Doan's Kidney Pills are for weak kidneys. Ask your neighbor.
Read what a Norway citizen says:
Mrs. S. B. Stewart, 14 Tucker St., says "When I used Doan's Kidney Pills a year ago, they did me a world of good. I felt justified in recommending them to anyone suffering from kidney trouble. Just after I recovered from the "flu" my kidneys began to give me trouble. The "flu" seemed to have left them in a weak and disordered condition, I was sore and lame all over, especially across my back. I could hardly turn over in bed, I was in such misery. I read about Doan's Kidney Pills and began using them. They soon rid me of the trouble. My back stopped aching and my kidneys became regulated."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Stewart had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. 8-9

Many of the City stores are placing the above advertisement in the various newspapers in their various locations and at the same time telling the buying public how they are selling far below cost. We could do this and still be making a go of it. But we will not tell you things that are in our mind impossible. We can not run our store on no profit, neither will we say that we do things that we do not do. If we offer you a suit for $27.50, $30.00, $35.00 or $37.50 you may rest assured that we are getting a reasonable profit. If the working man should tell you that he was getting $2.50 a day and that it cost him $3.50 a day to live and that he was saving about $3.00 a week, about the first thing that you would think is what? The workingman must have a fair and reasonable wage to live on and we must have a fair and reasonable profit to exist on. Think this over carefully.

Keep the children in good health. It is the greatest blessing that can come to them. Most of their ailments start with irregularities of the stomach and bowels. Overeating or eating improper food, also failure to establish the vitally important habit of a daily movement of the bowels, are causes of much serious illness during the growing years. Frequently worms in the stomach or intestines are indicated by a feverish condition, restless nights, nervousness, biting the nails, choking, pains, and nausea. The safe, sure remedy is "L. F." Atwood's Medicine, used by Maine mothers for more than a half century. Buy it now and have it ready for family illnesses. 50 cents at your dealers. Satisfaction assured. "L. F." Heard What Another Woman Said

Mrs. Margaret Bonneire of Murray Street, St. John, N. B., writes: "I heard a lady saying she bought a bottle of 'Dr. True's Elixir' for her children, and it was splendid. I am glad I know of something good now. I got a bottle and I think it is great."

The laxative mentioned above is Dr. True's Elixir, the Family Laxative and Worm Expeller. It is very pleasant to take; children like it, and it is mild in action. No harmful drugs.

It's surprising to know the number of youngsters and even grown-ups who suffer from worms but don't realize it. Every one needs a good laxative to avoid stomach troubles

Signs of Worms: Offensive breath, swollen upper lip, sour stomach, pains about the navel, pale face, eyes heavy and dull, twitching eyelids, itching of the nose, short dry cough, grinding of the teeth, red points on the tongue, starting during sleep, slow fever.

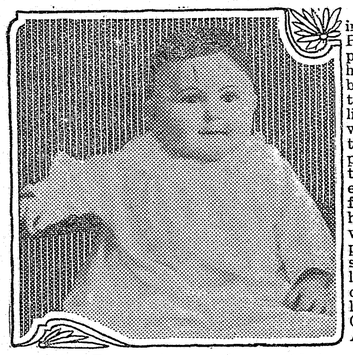
DARLING BABY
BRIGHTENS HOME

Children's Laughter a Pleasing Sound



Altoona, Pa.—"I am writing to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. We had six children die almost at birth. From one hour to nineteen days is all they have lived. Before my next one was born I took a dozen bottles of your Vegetable Compound, and I can say that it is the greatest medicine on earth, for this baby is now four months old, and a healthier baby you would not want. I am sending you a picture of her. Everybody says 'That is a very healthy looking baby.' You have my consent to show these few lines to anybody."—Mrs. C. W. BENZ, 131 3rd Avenue, Altoona, Pa.

Mrs. Janssen's experience of interest to childless wives.

Millston, Wis.—"I want to give you a word of praise for your wonderful medicine. We are fond of children, and for a considerable time after we were married I feared I would not have any. I began taking Lydia E. Pinkham's Vegetable Compound, and it strengthened me so I now have a nice, strong, healthy baby girl. I suffered very little at childbirth, and I give all the credit to your medicine, and shall always recommend it highly."—Mrs. H. H. JANSSEN, Millston, Wis.

Mrs. Held of Marinette, Wis., adds her testimonial for Lydia E. Pinkham's Vegetable Compound. She says:

Marinette, Wis.—"I was in a nervous condition and very irregular. My doctor advised an operation. My husband brought me one of your booklets and asked me to try Lydia E. Pinkham's Vegetable Compound. It overcame my weakness so that I now have a healthy baby girl after having been married nine years. I am glad to recommend your medicine, and you may use my letter as a testimonial."—Mrs. H. B. HELD, 330 Jefferson St., Marinette, Wis.

There are many, many such homes that were once childless, and are now blessed with healthy, happy children because Lydia E. Pinkham's Vegetable Compound has restored the mother to a strong and healthy condition, as it acts as a natural restorative for ailments as indicated by backache, irregularities, displacements, weakness and nervousness.

Women everywhere should remember that most of the commoner ailments of women are not the surgical ones—they are not caused by serious displacements or growths, although the symptoms may be the same, and that is why so many apparently serious ailments readily yield to Lydia E. Pinkham's Vegetable Compound, as it acts as a natural restorative. It can be taken with perfect safety and often prevents serious troubles.

Therefore if you know of any woman who is suffering and has been unable to secure relief and is regretfully looking forward to a childless old age, ask her to try Lydia E. Pinkham's Vegetable Compound, as it has brought health and happiness into so many homes once darkened by illness and despair.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent to you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information.

THE PASSING OF TUBERCULOSIS

Stocktaking is a regular and necessary feature of any large concern. The earn which concerns us all. It is well worth while, therefore, for us to stop, take account of stock, and find out where we stand in this light, and whether we are playing a winning or a losing game.

Will tuberculosis ultimately disappear from the face of the earth, or will it become a comparatively rare disease as leprosy is now? Or will the disease still remain a common one among us but lose much of its tenor and power to kill as is now with the ordinary case of acute bronchitis or cold in the head? Or again may we expect that sooner or later some specific drug, vaccine or toxine will be discovered which will cure consumption just as malaria is cured by quinine and diphtheria by antitoxine?

These are big questions and ones concerning that which we have all pondered at one time or another. Probably none of us will see the time when any chemical or drug will cure tuberculosis; many have been tried and found wanting. It is likewise very unlikely that tuberculin or any allied preparation will be discovered which will actually cure tuberculosis in any such sense as that in which antitoxine cures diphtheria. Doubtless enthusiasts will continue to come and go, each in turn proclaiming his particular preparation—whether it be chemical, drug, tuberculin or vaccine—as the long sought for cure-all for consumption. And doubtless many tragedies will be caused thereby. But this is not the way that we shall eventually conquer the disease.

The death rate from consumption has been slowly but surely declining in all civilized countries during the past 50 years. 40 years ago in Massachusetts the death rate from tuberculosis per 10,000 inhabitants was nearly 50, now it is nearly 13. A similar decrease has taken place in the rest of this country, in England and Europe. To what has this been due, and will it continue so that in 50 years more, tuberculosis will have disappeared or become a harmless malady? The decrease in the death rate has been due to two causes. The first of these is the destruction of the germs of tuberculosis brought about by teaching people how the disease is spread by means of sputum and how this should be destroyed, reporting of cases and particularly isolation and segregation of the advanced consumptive. The second cause has been the gradual establishing of an immunity against this disease. Just as tuberculosis is terrible fatal among the Indian and negro races, which from centuries of outdoor life in places comparatively free from disease germs have had no opportunity to acquire any resistance to disease, so among the so-called more civilized races, whose methods of living throw them into constant and daily contact with disease germs of all kinds, including those of tuberculosis; and immunity against the disease that has been built up.

The two factors—decreasing the number of germs, and increasing the bodily resistance against them—have been responsible for its continued decrease in the future. Whether or not this will result in actually eradicating tuberculosis from our midst or in making it a mild and harmless disease, is a question of purely academic interest and one that does not concern us.

The question that does concern us, however, is in what way we can each of us play our part in helping to conquer this disease, the medical profession alone cannot do it all. An educated and enlightened public must back up and assist the physicians in their efforts. We have already accomplished a great deal in this respect, but we have still a long way to go. If each one of us play our own part and do what we can to assist, however little this may be, our goal will be within sight and the word tuberculosis will no longer strike terror to our hearts. Are you playing your part?

SPRING AILMENTS

Relieved by A Well-Known Medicine of Superlative Merit.

Spring ailments are due to an impure, impoverished, devitalized condition of the blood.

Among them are pimples, boils and other eruptions, loss of appetite, that tired feeling, a run-down condition of the system, and sometimes chronic weaknesses made worse.

Hood's Sarsaparilla combines the roots, barks, herbs, berries and other medicinals that have been found, in many years of intelligent observation, to be most effective in the treatment of these ailments.

Successful physicians prescribe these ingredients for diseases of the blood, stomach, liver and kidneys, and in cases where alterative and tonic effects are needed.

Hood's Sarsaparilla is the spring medicine that purifies, enriches and revitalizes your blood, increasing power of resistance to disease.

For a laxative take Hood's Pills.

Unicorn Dairy Ration

"You can fool a man, but you can't fool his cow!"

It is not the cost of a feed that is killing the farmer and reducing his profits. The real source of his trouble is his failure to run his cows to full capacity and feeding them right and decently. Cows that could give 40 lbs. of milk are running on a 20-lb. basis, and cows that could make 30 lbs. are running on 15.

The reason dairymen continue to use UNICORN is because they get enough more milk and enough more profit out of it to make it worth their while.

On Sunday, Feb. 27, Esther A. Lord and friend ascended Pleasant Mountain on skiis, finding much snow. They took several snap shots from the summit. OTISFIELD GORE

M. F. Holman has cut cord wood forty winters, averaging fifty cords or more each winter, until he has cut from two to three thousand cords. When Mr. Holman was younger he put up one and one-half cords in seven and one-half hours. He probably has cut more gray birch than any man in Otisfield. The lowest price paid was sixty cents per cord, the highest, three dollars and fifty cents. Hard work rests easy with Mr. Holman as he has all the appearance of a young man.

OTISFIELD

Robinson G. Edwards

Robinson G. Edwards passed away, Mar. 2, aged 80 years, 7 months and 2 days; he had lived in Otisfield the most of his life; he has lived in Topsham a few years. He came to Otisfield in the early part of last summer to visit his son and daughter and brother and other relatives and friends. He was taken sick the first of August and has been confined to the bed ever since. He had been in failing health for a number of years. He was kindly cared for during his sickness by his children.

He was very patient during his sickness. He was much respected by all who knew him. He leaves a widow and one son Fred, and one daughter, Mrs. Sumner Smith, and one brother, Wyatt Edwards, and several nieces and nephews and a large circle of friends to mourn their loss. He was a soldier in the civil war and a member of the Congregational church. He was always ready to help in time of trouble. He was a kind husband and a loving father, and will be sadly missed by all.

The funeral was at the home of his son, March, the fifth, conducted by Rev. Irvin Kemp of Casco. There was a beautiful pillow with the words, "Husband and Father" on it. He was laid to rest in the family lot.

Mrs. Robinson Edwards returned to her home in Topsham, last Sabbath.

A Question for Every Citizen of Maine

Suppose an important industry wanted to come to Maine, and applied to Maine power companies and the power companies said, "You'll have to go to some other state—we haven't the power available."

Maine would lose money, wouldn't it?

Yet just that might some day happen unless the investors of Maine get behind the power companies of Maine with their investment money.

Either Maine will grow, as a result of having developed water power READY—or else some other state will grow. So ask yourself this question so vital to the future of Maine:

"Where shall I invest my money—in some remote state, to build that state, or AT HOME, to build Maine?"

If a sound, solid, secure State of Maine 6½ per cent. net hydro-electric security interests you, please send the coupon and learn more about Central Maine Power Company 7 per cent. Preferred Stock. The price is $107.50 a share.

Clark says—"Every purchase must be right."

LEARNING BY EXPERIENCE:

A man struck a match to see if the
Gasoline tank was empty.
IT WASN'T

A man patted a strange dog on the head
To see if the critter was affectionate.
IT WASN'T
A man speeded up to see if he could
Beat the train to the crossing.
HE COULDN'T.

A man tried to find a more reliable
Drug Store than this one.
HE COULDN'T.

Because "every purchase must be right."
Every once in a while someone says
"Why, I didn't know you sold that."
And we want to laugh, but dare not,
For "that" was something we
Sell almost every day.

We have been invoicing and
Honest to goodness we are surprised
To see how many different items
Are in our stock.

Many things are not needed very often
But they are the ones which are
Wanted most when they are required.
Our aim is to hand you what you
Want when you want it.
New goods arrive every week.
Save time by asking us first
For the unusual article.

MARCH

The aquamarine holds for the March-born serenity. Accordingly, the adage "March in Janiveer, Janiveer in March, I fear," need not be feared in the presence of the stone. The wearer's intellect is quickened and he is cured of procrastination. The name "aquamarine" signifies "water-green." Folklore has pictured it as the ocean wave spraying through moonlight, bringing peace to tired hearts.

HUDSON SUPER-SIX

Have You Noted Its New Price Advantage?

Regardless of your ability to buy any car you choose, consider if you can find the justification of finer quality, in a costlier car than Hudson.

To appreciate its value you need not be a Hudson enthusiast in the sense of those thousands who hold it essentially the greatest of all cars. But you must recognize its long-held position among the leaders in performance, reliability and distinction.

And consider what an endorsement is represented in its more than five years leadership of fine car sales.

Now that its price advantage is even more intensified, will not its sixth year of sales leadership show even a greater margin of popular preference?

A TRUE STORY

One of our good customers wanted a good, big storm blanket.

Somebody told him he couldn't get such a one in this town, so he sent to the city and got what he wanted and the price was ten dollars.

Next day he was in our place and saw the same thing and the price tag on it was marked $5.00.

We have a good many nice blankets of all kinds,

Street Blankets,

Storm Blankets

Stable Blankets

For some reason or other, they are marked way below present costs.

The moral of this story is so plain that we need not buy space to print it.

MRS. ALICE GRESHAM DODD, mother of first American soldier killed in France, who gives entire credit for recovery of her health to the well-known medicine, Tanlac.

The following remarkable statement was made recently by Mrs. Alice Gresham Dodd, the mother of Corporal Jas. B. Gresham, who was the first American soldier killed in France. The statement was made at the Gresham Memorial Home which was presented to her by the patriotic people of Indiana as an evidence of their appreciation of the services rendered to his country by her son.

The shock of her son's death resulted in a serious breakdown in Mrs. Dodd's health, but every one will learn with interest and pleasure that she is now in splendid health again. Mrs. Dodd gives the entire credit for her recovery to the celebrated medicine, Tanlac.

She said: "After my dear boy's death I had a general breakdown. At first it was just indigestion. My food would upset me and I had to diet myself very carefully. I also had rheumatism with severe pains in my shoulders, back and arms and at times I would suffer greatly, and my joints would become swollen and stiff. I was hardly able to do but very little about the house and at times could not even cook a meal. I became very nervous and restless and at night would lie awake for hours.

"A friend of mine advised me to try Tanlac. I am glad I did, for it proved to be the best medicine I have ever taken. It soon gave me a splendid appetite and relieved me entirely of indigestion. My rheumatism also disappeared and I am now able to do my housework with the greatest ease. My nerves are steady and strong. I can sleep well at night and my health is better than in years. I shall always be grateful for what Tanlac has done for me."

Tanlac is sold by A. L. Clark Drug Co., Norway; Stowell Bros., Locke's Mills; R. E. Pinkham, East Waterford; W. H. Brown, East Stoneham, Heald, Stearns & Kimball, Lovell, and H. L. Hutchins Co., North Fryeburg, Me.

NORWAY AND VICINITY

Irving Perreault came to the village, Tuesday, from Crockett's bridge by boat. The channel in the bog is open to the city landing.

Busy time with tickets. With the minstrels, the senior play and Chapman's concert all running together, our people are making close friendships with advance sales and solicitors. Business is booming.

One of the largest cedar bolts brought to any mill in the vicinity in years was hauled to Prescott & Perreault's shingle mill, Tuesday. The timber measured 36 inches in diameter and was brought in on the snow which fell during Monday night.

Arrangements have been made by phone with the costumer in Haverhill, Mass., to send a complete outfit for the Minstrel circle which can be held over Saturday night. The original costumes engaged could be retained only until Saturday morning.

Freeland Bolster opened his marble shop, March 1, with Virgil Flood, foreman. Mr. Flood started as an apprentice in the same shop, twenty-five years ago, and knows the marble business from beginning to end.

The Browning Reading Club will meet Monday evening, Mar. 21, with Mrs. Mary Cole. The program will include roll call, quotations from modern poets and a paper, Modern Poetry, by Mrs. H. L. Bartlett.

Prof. W. B. Mitchell of Bowdoin College will occupy the pulpit at the Congregational church, Sunday.

Frank Moore of Portland, agent for the Metropolitan Insurance Co., was in town, Sunday, visiting his brothers. He will sing with the Imperial Quartette in the olio and render a solo during the first part of the show, Friday and Saturday evenings.

Elgin A. Greenleaf, son of Harry A. Greenleaf, is employed at Greenlaw's Garage in the Willard Service Station. Some 300 batteries have been overhauled and cared for the past winter.

Everett Record, a traveling salesman for J. S. Record Co., who has been over an extended route, was in town the first of the week.

The section crews have been relaying rails and ties in the station yard where the frost has left the ground.

The Norway Branch combination coach is in the repair shop and a smaller car is on the line. A freight car carries the express.

L. M. Longley & Son have a new carved letter gold leafed sign, changed from Longley & Butts of the former company.

The patience of Job was exemplified Monday by the faithful who held down the platform steps outside the American Legion rooms. Advance sale of Minstrel tickets was to begin at 7 p. m., the crowd commenced to gather shortly after noon. Reinforcements arrived until some 150 people were in line at 5 p. m. Great was the rush at the appointed hour when humanity stampeded and went plumb crazy to reach the ticket board. Percy Y. Fogg handled the exchange and checked 624 seats in one hour and a quarter. Norway Opera House was sold out, the first time on an advance sale in its history. Insurance regulations limit the attendance to 800. Enough extra seats were carried in from Concert Hall after the sale to reach the limit. These were checked Tuesday evening at Stone's to patrons receiving numbered tags after the Monday evening sale.

George F. Ames is recovering from numerous boils on his neck and returned as driver for one of the C. B. Cummings & Sons Co. teams.

George A. Bourneman has returned from a visit of several weeks in Auburn and other places.
